Facility Operational Guidelines

Document Code: NSD-FG-2026-03

Classification: Internal Use Only

- **1. Employment Confidentiality**
Personnel shall not disclose employment, operational duties, or facility location to any unauthorized individual. Violation will result in immediate termination.
- **2. Professional Conduct in Food Preparation Areas**
Staff are required to maintain sanitary and professional standards in all kitchen environments. Any form of inappropriate behavior will result in disciplinary action.
- **3. Health & Absence Reporting**
Employees experiencing illness must notify supervisory staff via official communication channels prior to shift start.
- **4. Secure Access Protocol**
Access credentials for restricted systems shall not be shared under any circumstances. Breach of access protocol will result in termination and possible legal action.
- **5. Restricted Individual Containment Policy**
The individual designated as [REDACTED] is prohibited from entering food preparation or containment areas. Previous incidents have resulted in equipment damage and personnel injury.
- **6. Anomalous Entity Containment**
Entity classified as 'The Chicken' must remain secured in its designated holding environment. Unauthorized release constitutes a Level-3 Incident.
